Editorial Note

We are delighted to release the Volume 40 of HRJ on 22nd December 2017. **Hardy-Ramanujan Journal** is available at the Episciences platform <http://hrj.episciences.org/>. All back volumes of HRJ right from the beginning are available at this free online open access portal.

Paper submissions can be done using the Episciences online portal, and detailed instructions for authors are available at the above mentioned link.

We would also like to announce that the 2018 issue, Volume 41, of HRJ will be a special issue in memory of S. Srinivasan, one of the early Ph.D. students of K. Ramachandra. Srinivasan would have turned 75 in 2018 if it were not for his sad passing away in 2005. K. Srinivas of the Institute of Mathematical Sciences in Chennai, India has agreed to assist the HRJ editorial board, serving as the Guest Editor of this commemorative issue in warm memory of Srinivasan.
